Here are just a few of the cooks preparing a DELIGHTFUL meal. BBQ'd chicken and tri-tip, cheesy potatoes, coleslaw and rolls. With cakes galore for dessert!

The flag flying over the memorial day ceremony was flown over the prison at Guantanamo Bay, Cuba for 9 minutes and 11 seconds on July 26, 2015. It was presented to our club by SSgt Carlos Garcia who spent 9 months guarding the worst of the worst of our enemies at that facility in Cuba. It will fly every memorial day above our Veteran's Wall of Honor. SSgt Garcia is the son-in-law of Lions Jean and Berl Akers.

Thank-You!

There are a host of people who work year long to make this Veteran's BBQ a success. Lion Cindi, the chairman, works tirelessly coordinating everything. The cooks, the decorators, the speakers, the singer!, the food, the servers, the cake makers, the program, and the clean-up. She has a crew at her disposal that can't be beat. I (the webgal) would like to say a special thanks to Konrad Stinchfield who redid the Missing Man placard, framed it and built the easel it rests on. He also added a framed posted about our flag. Beautifully done. Thank you!

No one is more cherished in this world than someone who lightens the burden of another. Thank you. ~Author Unknown
